	NatureMaps
In this section	Welcome to NatureMaps
* Home	NatureMaps is an initiative of the Department for Environment and Water that provides a common access point to maps and geographic information about South Australia's natural resources in an interactive online mapping format.
* Help	The vision for NatureMaps is to support the State's natural resource management by providing access to a comprehensive range of information about South Australia's natural resources, through the exploration of maps and geographic features.
START using 🕥	Use NatureMaps 3.0 to navigate to an area of interest and display a range of GIS datasets including:
Terms & conditions	Administrative Boundaries Protected Areas Cadastral Information NEW* SA Land Cover Coast and Marine Tenure and Landuse Fauna and Flora Vegetation Mapping Fire Water (Ground and Surface) Heritage and Tourism Weteinds Landscapes Solis Photo Centres and Flight Lines
	Contact
	If you have any questions or require any further clarification about NatureMaps 3.0 please contact NatureMaps Support.
	March 2018 - Updated Hora and Fauna Loois

2. Click on 'START using NatureMaps' to open Nature Maps.

3. To add boundaries of interest, such as Local Area Government boundaries, hundreds and commercial kangaroo harvest boundaries, click on **LAYERS** bottom left hand side of the home screen.
